

## COARSE BUBBLE DISC DIFFUSER

### COARSE BUBBLE DISC DIFFUSER

#### FEATURES

- » Low maintenance requirements
- » High resistance to clogging and corrosion
- » Long durability

#### APPLICATIONS

- » Large scale mixing
- » Equalization tanks
- » Industrial wastewater treatment
- » Grit chambers
- » Sludge holding tanks

#### TECHNICAL SPECIFICATIONS

|                     |                              |
|---------------------|------------------------------|
| Size                | 80 mm                        |
| Type                | Disc                         |
| Membrane            | EPDM and Silicon             |
| Air Flow rate Range | 5.0 – 12.0 m <sup>3</sup> /h |
| Connection          | ¾" NPT Male                  |
